

Capability Statement

Introduction

TVAR Solutions was founded in 2006 as a small business value added reseller committed to providing off the shelf information technology products for the Federal Government and its system integrator partners. We are headquartered in McLean, VA, just 30 minutes from Washington, DC. In addition, we have a Western Operations office in Denver, CO. Our personnel maintain multiple levels of security clearances along with vendor training and certifications, which allows TVAR Solutions to deliver excellent value to our customers. Our customer-focused approach ensures Federal Government agencies and associated contractors have access to innovative, reliable, and cost-effective IT solutions.

As a leading solutions provider, we have partnered with over 100 established and emerging technologies to cater to our customers' needs.

What sets us apart from the competition?

- \$120+ million dollars in revenue per year
- Small business - 19 Employees
- Top Secret facilities clearance
- Personnel maintain multiple levels of security clearances holding TS/SCI and above
- Present in every major system integrator as a registered supplier
- Top-tier certified reseller status for numerous OEMs
- Supporting multimillion dollar programs and capture enterprise
- Utilizing major government payment systems including Exostar, WAWF, VIPERS, MPO, IPP, and Delphi
